The pulpit at the Methodist church in this city will be filled on next Sunday at the morning hour by T. M. Salter of Memphis, who is one of the leading Sunday School workers and laymen of that city.

Dr. J. S. Washington is spending the present week in Monroe county, Arkansas, looking after his farming interests there, and during his absence Mrs. Washington is visiting her daughter, Mrs. W. T. Cartwright, at Oakland.

Mr. and Mrs. John U. Robinson of Paducah, Kentucky, are visiting his sister, Mrs. M. A. Higge. The former being Mr. Culpepper's singer, will leave Tuesday morning for Union City, where he will continue his service as singer.

As stated in these columns last week the registration books will be open in the first, fourth and eighth districts of this county from August 9 to August 19 and all voters in those districts must register to be eligible to vote for the next four years.

J. H. Wilson is having built on his lot on Midland avenue a building which will be used when completed for a public garage and automobile repair and supply business. He will have associated with him Mr. Lenke of the Williston vicinity.

W. M. and J. R. Pierce went in the latter's automobile last week to Luxora, Arkansas, to visit their sister, Mrs. J. S. McCreight, and on their return to their homes here she came with them for a short visit here. A good part of the way on their return they found had been visited by pretty good rains, much of the road being muddy.

The first open cotton boll of the new crop was brought to The Falcon office Monday of this week from the farm of Dan Hutchins, a colored farmer who lives south of Somerville and owns his own farm. The Falcon has not kept a record of the receipt of the first open boll but we are told by several who have watched such things that this one is earlier than the average.

Some good work is being done by the road authorities in the bottom near Hickory Withe on the Stage road, the bottom near the Shelby county line. This has been the worst place on the Fayette county part of the Somerville-Memphis road, and with the work now going on there it should be in good condition in the future.

The drouth which has prevailed in this county for the past five weeks has caused pastures to dry up and as a result many cattle have been sold and shipped to St. Louis from which place they will be re-sold and go to other sections for pasturage and feeding. Several car loads have been shipped from Somerville, Oakland and other points in the county.

**To Drive Out Malaria**  
And Build Up The System  
Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

According to a ruling of the Interstate Commerce Commission claims for loss or damage to freight must be made by shippers within four months after freight has been received. If claim is filed after the expiration of this limit the railroads are forbidden by said ruling to make payment, however just claim may be and however willing they might be to make payment. Shippers should note this ruling and make all claims promptly after receipt of freight or after ascertaining loss.

Reports coming to The Falcon from the recent camp meeting at Joyner's in the fourth district indicate that it was one of the best meetings held there in years. Every camp on the grounds was occupied and filled to its limit, numerous tents were erected for use and these filled, and plans were made and ground staked out for the erection before the next year's meeting of a number of new camps, among them one of the most commodious there to be erected by Rev. Burke Culpepper for the use of himself and his family. It seems that Joyner's Camp Meeting has taken new life and will grow with the years.

**For Weakness and Loss of Appetite**  
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. For adults and children, 50c

It will soon be time to plant a strawberry patch in this section. There are two seasons each year when planting is easily done. The early spring and the fall months. Plants put out and well mulched about the last of September will bear a pretty fair crop of berries next spring. Will bear a big crop the following spring and a fair crop the third spring, after which they should be plowed up and a new patch planted. Tho if they are carefully tended each year and the old plants taken out and new ones left a patch can be kept without plowing up for much longer. One hundred plants well cared for will furnish an average family with all the fresh berries they will want during the berry season, and two or three hundred will furnish the fresh supply and a supply for preserving in addition. This has been a bad season on spring planted plants and they will go into the winter in a worse condition than fall planted ones. And there's no more toothsome fruit than the strawberry, and it comes early when there's nothing else. Plant in latter part of September or in October.

The writer had occasion recently to visit the town burying ground in a Middle Tennessee city more than twice the size of Somerville, and the contrast with our own beautifully kept cemetery was impressive. In that city is a ladies association similar to ours here, they employ a negro man all the time, but instead of supervising the work and directing this negro they leave this to a cemetery superintendent and it is not done, and the looks of the cemetery leads us to believe that the biggest job that negro has is drawing his weekly stipend. Grass grows every where and is luxuriant, graves are unkept, and there is a general appearance of an unkept place. We see in Somerville a well mown setting of sod thruout the entire grounds, graves and flowers in splendid condition, and every thing shows interest and attention, and the most competent direction being given, for the ladies do the directing themselves. We have visited a number of town cemeteries in this state and in not one is there a better kept one than here and few equal it.

Disagreeable Calomel is Yielding to Pleasant Liv-Ver-Lax.

Physicians generally agree that the nauseating, unpleasant effects of calomel are due to the undesirably violent action it has on the system. For a long while various substitutes have been tried, but it was only recently that the really wonderful remedy, LIV-VER-LAX was prepared successfully by L. K. Grigsby.

LIV-VER-LAX has all the good, and none of the bad effects of calomel. It is a necessity in every home, always being ready to cleanse the sluggish liver and bile, clogged system, with no unpleasant after effects. LIV-VER-LAX is guaranteed to give satisfaction, or your money will be immediately refunded. Insist on the original bearing the likeness of L. K. Grigsby. For sale in 50c and \$1 bottles at Rhea Drug Co.

Is Sickness A Sin?

If not, it's wicked to neglect illness and means of relief. It's wicked to endure Liver Ills, Headache, Indigestion, Constipation, when one dose of Po-Do-Lax gives relief. Po-Do-Lax is Podo-phyltin (May Apple), without the gripe. It arouses the Liver, increases the flow of bile—Nature's antiseptic in the Bowels. Your Constipation and other ills disappear overnight because Po-Do-Lax has helped Nature to remove the cause. Get a bottle from your Druggist to-day. Get rid of your Constipation overnight.
